AMENDMENT TO FINANCING APPLICATION
DOCKET # W-02197A-12-0410

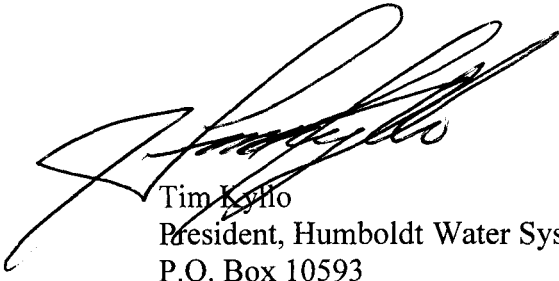

INCREASE AMOUNT TO \$300,000

ATTACHED IS THE CURRENT WIFA PRIORITY LIST SHOWING H.W.S. IN
POSITION 4 FOR \$300,000

The amount has been increased due to additional construction costs, engineering cost and the scope of the project has been increased to meet future demands, include a new booster station and isolation valve installations in the distribution system.

An Engineering Firm will need to be hired to develop plans to the satisfaction of ADEQ for the planned improvements, and the necessary fees and or fines associated with ADEQ will also be required before any approval to construct is issued.

Humboldt Water has submitted an application for rate increase necessary to pay the debt service on a WIFA Loan in the amount of \$300,000 and the public notice for that rate case including the increase in loan to \$300,000 has been sent to all customers via USPS, and is included in the rate case documentation.

A handwritten signature in black ink, appearing to read 'Tim Kylio', is written over the printed name and title.
